AVENUE B

Avenue B is simple to specify, quick to ship and performs brilliantly. Modular units are offered for grid or drywall ceilings and can be mounted in rows. Multiple shielding options and companion products make Avenue easy to work with.

INFINITE

Our narrowest linear profile, Infinite achieves a seamless appearance with the Flex Roll lens and staggered T5/T5HO lamps. It's optimized for drywall ceilings and delivers a sleek design statement

SEEM 4

Seem is our most versatile linear style. Whether grid or drywall, ceiling or wall, T8 or T5, high style or high performance, Seem fits in.
